To Whom It May Concern

I wish to comment on the proposed CPD Guidelines. Our professional body, the ANZSNM allows for a one year break from CPD activities for maternity leave, and I think this should be allowed under the new MRPBA guidelines also. This is a very special family time, and a time when you need to take a break from work and professional commitments. To continue participating in CPD activities during this time is extremely difficult and takes away from precious time spent with a newborn.
